

Private Music Lessons Information Letter West Covina Christian School

Dear Parents:

West Covina Christian School is excited to introduce to you our Fine Arts Department. We offer private instruction for different musical instruments and voice lessons for your child. We are proud to say that all the students who have taken lessons with us are excellent and responsible students. It will be an inspiring year to captivate your young musician as he or she learns to perform in any of the Fine Arts programs we offer.

The benefits of learning to play an instrument are endless even for Preschool student.

To name a few;

- ***Students will learn how to read faster – by reading music on Notes, musical signs etc; tracking is a form of reading.***
- ***Students will learn how to calculate – music rhythm involves accurate calculation; with long-term training, it will help your child to develop Mathematic skills.***
- ***Students physically will be well coordinated - your child will learn to use his or her eyes to track the music, both hands will play different rhythm and the foot to play the pedal. (Many music students are also good in sports).***
- ***Students will learn to work hard – practice is required every day. Practice makes perfect. (Both music and sports have this same idea)***
- ***Beautiful music will be produced within months.***
- ***Presentation - Students will perform in front of an audience two or more times a year. He or she will learn to conquer fear, shyness and building confidence.***
